

GREG MINEZZI

Software Developer

GitHub | LinkedIn | Portfolio

gregminezzi@gmail.com

I am a software developer who uses HTML, CSS, JavaScript, and React to create beautiful and interactive applications. My experience teaching abroad has strengthened my ability to problem solve, learn quickly and collaborate with others. As an international educator who has visited every continent, I am enthusiastic about making information available to others in an interesting and approachable manner.

PROJECTS

Periodic Tables | [GitHub](#)

- Fullstack app enabling restaurants to manage reservations, including record-keeping, editing, and search functionality.
- Implemented features for seating reservations at tables and displaying status
- Front:** HTML, CSS, JavaScript, React **Back:** Node.js, Express, PostgreSQL, Knex

Flag Frenzy | [GitHub](#)

- Frontend game allowing players to guess the country of randomly displayed flags
- Utilized API calls for fetching flag data
- Front:** HTML, CSS, JavaScript, Next.js

LivelyWeather | [GitHub](#)

- Frontend app facilitating weather condition searches worldwide
- Integrated with APIs for real-time weather data retrieval
- Front:** HTML, CSS, Tailwind, JavaScript, React

stickyNotes | [GitHub](#)

- Fullstack app for creating and managing color-coded sticky notes by category
- Features include in-place editing, task completion marking, softing, and deletion
- Front:** HTML, CSS, JavaScript, React **Back:** Node.js, Express, Neon, Drizzle

WORK EXPERIENCE

Private English Teacher

Freelance

Madrid, Spain

September 2016 - current

- Provide personalized one-on-one English language instruction for secondary school students in home and remote settings
- Students have advanced to score highly on Cambridge Exams, complete high school in the US or study at prestigious UK universities

Language and Culture Educator

Colegio Escolapios de Getafe

Madrid, Spain

September 2022 - June 2023

- Employed innovative teaching methods to address student challenges and enhance comprehension
- Fostered collaborative learning environments, engaging with students and colleagues to exchange ideas
